

## Potential Problem Losing Label Columns with Access 2000 or earlier

Sometimes when you preview labels they have changed to a single column.

The margins and column settings must be reset when this happens. These settings are for Avery Labels 5160 and 5161.

Use File, Page Set-Up:

Setting	For 5160 (3X)	For 5161 (2X)
Top Margin	.5	.5
Bottom Margin	.506	.506
Left Margin	.3	.3
Right Margin	.3	.3
Columns	3	2
Row Spacing	0	0
Column Spacing	.4125	.5063
Column Width	2.3375	3.65
Column Height	1	1
	Same as detail, across/down	Same as detail, across/down
